

Early Childhood Development
Associate in Applied Science Degree
61 Semester Hours[^]

ONETonline.org SOC Code: 39-9011.00

The Early Childhood Development Program is designed to give students an understanding of intellectual, physical, social and emotional principles critical to providing quality care to children birth to five years of age. The program provides practical experience working with children in a variety of settings – child care facilities, in-home services, Head Start programs and pre-school programs. Students may choose courses for direct care positions such as teachers and classroom assistants or they may select the entrepreneurial emphasis for child care center owners, administrators and directors. This career based program is designed for students desiring to enter the job market as child care providers or owner/operators of child care services.

Upon successful completion of the Early Childhood Development Program, the graduate will be able to:

- Respond to the health and safety needs of children.
- Assess children's growth and development.
- Plan and implement children's routine within the child-care setting.
- Plan and organize a learning environment for young children.
- Arrange and manage learning centers.
- Identify and implement positive discipline strategies that can be utilized by child care workers in the child care setting.
- Develop and implement age-appropriate activities that provide learning through the child's level of communication, interest and imagination.
- Plan developmentally appropriate curriculum for young children.
- Identify and work with children with special needs within a variety of child care settings.
- Demonstrate appropriate responses to nurture and develop positive self-esteem in pre-school age children.
- Communicate with parents and families.
- Participate in life-long learning and professional development.
- Participate in extracurricular center activities outside the classroom setting, such as planning family events, participating in program and strategic planning.
- Maintain records according to state and federal guidelines.

Additionally, graduates completing the entrepreneurial emphasis will apply business management skills to planning and establishing businesses that provide early childhood education and child care.

As required through the WV State licensing requirements for child care facilities and programs, students must also obtain the following upon enrollment in the Early Childhood Development Program:

- Hepatitis B Shots
- Food Handler's Card
- Tine Test
- Self-Disclosure Statement
- WV State Police Criminal Identification Bureau (CIB) Report

This program is designed to graduate well-trained child care providers as teachers for employment in child care centers as well as self-employed, in-home care providers. Additionally, the program is designed to provide continuing education opportunities for child care providers with recognized child care provider credentials (Child Development Associate National Credentialing Program (CDA) and Apprenticeship for Child Development Specialist (ACDS) Program by awarding credit for college level learning acquired through existing credentialing programs. The articulated credit is applied toward the completion of the Associate in Applied Science degree allowing these students the opportunity to advance their professional credentials. The program also provides approved coursework toward the Child Development Associate National Credentialing Program (CDA) and the Apprenticeship for Child Development Specialist (ACDS) Program as a collaborative project sponsored by the United States Department of Labor, West Virginia Bureau of Apprenticeship and Training, the West Virginia Department of Education, child-care centers, Head Start programs and county vocational schools in several locations in West Virginia. Students interested in these two options should see their advisor for details.

Pre-enrollment Requirements: All students must have Hepatitis B Shots, Food Handlers Card, Self Disclosure Statement and a WV State Police Criminal Identification Bureau (CIB) Report.

Program Implementation: Part-time evening (Contact advisor for recommended course sequencing)

Recommended Course Sequence -- Early Childhood Development, Associate in Applied Science Degree

First Year—Fall Semester				First Year—Spring Semester
