

**EASTERN WEST VIRGINIA COMMUNITY & TECHNICAL COLLEGE**  
**BOARD OF GOVERNORS**  
**POLICY NO. BP-6.4**

**TITLE:                   USE of INSTITUTIONAL FACILITIES**

**SECTION 1.           GENERAL**

- 1.1    Scope -                                This policy governs use of College facilities by persons or groups.
- 1.2    Authority -                            West Virginia Code § 18B-1-6, 18B-10-15.
- 1.3    Effective Date -                     August 11, 2003

**SECTION 2.           POLICY INTRODUCTION**

- 2.1    Facilities of Eastern West Virginia Community and Technical College are intended for use in the conduct of educational programs. As such, first priority for the use of facilities will be given to the academic, administrative, and student functions at the College.
- 2.2    In its many aspects of service to the public, the board also recognizes the need and permits the use of facilities which may provide benefits otherwise not available in the community. Consideration of requests from campus and off-campus groups will be guided by the following policy statements.

**SECTION 3.           USE BY NON-COLLEGE GROUPS or INDIVIDUALS (NON-STATE EMPLOYEES)**

- 3.1    It is the policy of the Board of Governors to permit the use of facilities by the general community in a manner which does not compete with the ongoing programs of the College. The community use of a college facility must have an educational or cultural purpose. The facilities that will be made available to non-college groups will tend to be of a nature which is unique in the community.
- 3.2    Use of college facilities by non-college individuals or organizations will be permitted within the following guidelines:

- 3.2.1 Facilities and support services will be made available only to the extent that their proposed use is not in conflict with the regular programs of the College.
- 3.2.2 The nature of the activities of the non-college users shall not be potentially physically disruptive of the College. For instance, local noise ordinances must be obeyed. While this policy may not be construed to preclude use of facilities based on political philosophy, race, religion, or creed of the sponsor, the nature of the activities to be conducted on the campus shall not be illegal under the Constitution or laws of the State of West Virginia or the United States.
- 3.2.3 A standard rental/lease agreement accompanied by evidence of such insurance protection as may be required to adequately protect the College shall be executed by the college sponsor and also be signed by a responsible officer of the non-college organization desiring to use a college facility.
- 3.2.4 All charges assessed for the use of college facilities shall be sufficient at least to cover all identifiable costs of both a direct and indirect nature except that charges for indirect costs may be waived at the discretion of the College for nonprofit organizations and/or public bodies of the State of West Virginia, such as county school systems, etc. All charges must be reasonable, charged equally to all similar groups, and be published in advance. In turn, such groups using college facilities may charge admission, but only for the purpose of covering the direct and indirect cost of the sponsored activities. All surplus revenue derived from the conduct of an event will accrue to the benefit of the College, except for public or nonprofit groups for which this provision may be waived.

**SECTION 4. USE BY COLLEGE GROUPS or STATE EMPLOYEES for NONTRADITIONAL PROGRAMS (STATE EMPLOYEE)**

- 4.1 To encourage the College to extend its offerings, it shall be the Board's policy to permit its facilities to be made available for use by recognized college units to conduct educational or cultural programs, including youth camps, for which fees are charged and from which staff members may be paid beyond their regular annual salary. The following guidelines will apply for these activities:
  - 4.1.1 Faculty and staff members who conduct nontraditional programs may be compensated on the basis of the number of attendees, hours worked, or percentage of net revenue. The conditions for such payments are that: extra compensation for the activity be paid from funds other than state appropriations allocated by the Board; and the amount of combined nontraditional and consulting activity for which additional compensation is received is consistent with institutional policy and, where twelve-month employees are involved, annual leave is taken. The President will be responsible for approval of employees' participating in programs covered

by this policy and for maintenance of employees' records of annual leave and/or consulting time.

- 4.1.2 All revenues and expenditures shall be handled by the business office of the College. All revenues from these programs shall be deposited into the appropriate state special revenue account. Charges for special services provided by the College may be deducted from revenues; however, the College may require that a deposit be made in advance for such services.
- 4.1.3 A formal agreement shall be developed and signed by an authorized representative of the group or unit responsible for the program and the President of the College or his designee. Said agreement shall establish the responsibilities of the College and the sponsor, including detailed financial obligations to the College from revenues. All agreements must ensure that the college will receive reimbursement for all identifiable direct and indirect costs.
- 4.1.4 Programs must be sponsored by the College. The name to be used for the program is left to the discretion of the College.
- 4.1.5 All personnel receiving compensation for the involvement in the programs must be paid on a regular state payroll or a standard 48 or 48- A service agreement, as prescribed by the original contract agreement.
- 4.1.6 All publicity must indicate that checks for payment of fees are to be made payable to the College and not to an individual or outside organization.
- 4.1.7 Adequate insurance must be underwritten by the sponsors of the program.

**SECTION 5. SELLING of ARTICLES on COLLEGE PREMISES**

- 5.1 All solicitation and selling of products and articles upon property under the jurisdiction of Eastern West Virginia Community and Technical College Board of Governors is prohibited except by organizations and groups directly connected with the College and upon written approval of the President or his/her designee.

**SECTION 6. GENERAL**

- 6.1 The President shall designate the administrator(s) of this policy. A standard rental/lease agreement shall be used by the College, along with any other forms needed to execute this policy.
