

Dear Community Member,

On behalf of the Foundation at Eastern WV Community & Technical Community College, we cordially invite you to support our annual **2023 Farm to Table Dinner** at Misty Mountain Event Barn (450 Misty Mountain Rd. Fisher, WV 26818) to be held on *Wednesday, June 28 beginning at 4:30 pm and dinner to be available at 6:00 pm*. The theme this year is *celebrating local chefs, food, and art*. This popular event is made possible by local sponsors, businesses, and donors who wish to see students excel and the institution continue to build capacity to support local communities.

The Farm to Table Dinner was developed to raise funds to support students through scholarships. Eastern serves the Potomac Highlands Region with academic and workforce education pathways. These areas of study help our local students and life-long learners gain demanded degrees and industry certifications to develop career pathways, retrain, and boost existing careers. Together we can achieve the goal of establishing partnerships and scholarships to strengthen our communities. We hope we can count on you to make this year's event the best one yet!

All donors will be recognized within the event publications and other "day of" outlets during the event by respective levels of support:
