

GENERAL STUDIES AND COURSE EQUIVALENCY TRANSFER AGREEMENT 2020-2021

Prepared by:
Academic Affairs Office
August 2020
v2

West Virginia
Higher Education
Policy Commission

West Virginia Higher Education Policy Commission
and
West Virginia Council for Community and Technical College Education
CORE COURSEWORK TRANSFER AGREEMENT

EFFECTIVE: JANUARY 1, 1994

COURSE LIST REVISED: JULY 1, 2020

BACKGROUND

West Virginia State Code requires that courses “70% similar or the same” must transfer as an equivalent course among institutions of higher education in West Virginia. The General Studies and Course Equivalency Transfer Agreement, formerly the Core Coursework Transfer Agreement, has established processes to ensure students can transfer a variety of coursework that will count toward fulfillment of general education and program requirements.

There are two distinct categories within the General Studies and Course Equivalency Transfer Agreement. The first is the general studies transfer agreement. This is an articulation agreement allowing students to transfer up to 35 hours of general studies coursework from one West Virginia institution of higher education to another West Virginia institution of higher education. These are not course equivalencies. Rather, the student is given credit for fulfillment of a general studies requirement within the guidelines listed below. Institutions are to brand their specific approved courses on the general studies list with a tilde (~) that is to be used as the first character on the course title. The tilde travels on the transcript so advisors can identify courses approved for the general studies agreement.

The second category is a course equivalency. These courses are listed in with a carat (^) and are in bold on the approved course list. A statewide faculty committee has vetted these courses for 70% alignment and faculty at every public institution have approved the learning outcomes. They are course equivalencies and must be approved as pre-requisites for entry into specific courses for the major or program. Institutions are to brand their specific approved courses with the carat (^) to travel on the transcript for identification as a course equivalency.

GENERAL STUDIES TRANSFER AGREEMENT

To remedy the problem of transfer of core coursework and to meet the statutory mandate, this transfer agreement will assure that students who transfer from an in-state college or university to another will receive credit for specified general studies courses at the receiving institution. Under the terms of the agreement, a student may transfer up to 35 credit hours of undergraduate coursework in the areas of English composition, communications, fine arts appreciation, mathematics, natural science, social science, and humanities and literature as general studies credits. Under this agreement, institutions must accept up to 35 credits of transfer general studies courses. If institutional policy allows, institutions may accept general studies transfer hours above the 35 credits. The hours of core coursework that are acceptable as counting toward fulfillment of general studies requirements are as follows:

- ❖ English Composition – 6 hours
- ❖ Communication – 3 hours
 - speech/oral communication
- ❖ Humanities and Literature – 3 hours
 - Literature, philosophy, religion, logic, foreign language, or ancient language
- ❖ Fine Arts Appreciation – 3 hours
 - art, music, drama, or theater appreciation
- ❖ Mathematics – 4 hours
 - college math including general math, algebra, trigonometry or calculus

- ❖ Natural Science – 8 hours
 - lab science including biology, chemistry, geology, physics or physical science
- ❖ Social Science – 9 hours
 - history, political science, psychology, sociology, or economics (only 6 hrs from each)

IMPLEMENTATION

General Studies Transfer Agreement

The Vice Chancellor for Academic Affairs of the Higher Education Policy Commission and the Community and Technical College System shall annually appoint a general studies transfer committee to advise on matters relating to the agreement and listing of courses. The committee may recommend modifications in the agreement or in the list of courses as it deems necessary. It shall also have the responsibility for publishing and disseminating a transfer guide which includes (1) the state coursework agreement and (2) the list of approved core courses at each of the institutions. This committee shall meet at least once a year and file a report annually to the chancellor.

Course Equivalency

The Vice Chancellor for Academic Affairs of the Higher Education Policy Commission and the Community and Technical College System shall create a committee of faculty content experts to create learning outcomes for course equivalencies. The committee will review course submissions in accordance with the 70% similar or the same statute. Each course will be resubmitted every five years for review by the committee of content experts. The committee will be responsible for publishing and disseminating a transfer guide which includes (1) the state coursework agreement and (2) the list of approved courses at each of the institutions.

INSTITUTIONAL RESPONSIBILITY

Each institution shall have the responsibility of implementing the agreement and distributing the transfer guide to advisors, faculty advisors, and to students. **Institutions shall be responsible for identifying each course listed in its course catalog that is also listed in this agreement. Courses shall be identified on the official and unofficial school transcript with a tilde (~) for general studies or with a carat (^) for course equivalencies on the lead character of the course title. Every institution shall review these courses in July of each year for accuracy.**

STUDENT RESPONSIBILITY

It is the responsibility of the student who is transferring from an in-state college or university to another in-state institution to be aware of the specific program requirements at the receiving institution. In an academic program such as engineering or other professional field there may be a requirement for completion of a particular general studies course(s). As specified in West Virginia State Code, courses approved as a course equivalency and listed in bold with a carat (^) will count as a fulfillment of that particular requirement.

Those courses in the Core Coursework Transfer Agreement and not listed in bold provides for uniform acceptance of up to 35 credit hours of general studies coursework. However, the student must still complete all institutional program requirements for his/her course of study.

COURSES FOR TRANSFER

The courses from in-state colleges and universities that are approved under the agreement are:

BLUE RIDGE COMMUNITY AND TECHNICAL COLLEGE

| <u>Courses - Hours</u> | <u>Title</u> | <u>Credit</u> |
